-

District Citation : Every club has to enter the answer in the Criteria prepared by District Chairman.

To Answer the Criteria there are three types:

1. Yes or No

For e.g. 100% Adoption of Inner Wheel India App

Answer Type - Yes or No if Yes full base points else 0 points.

2. Incremental – Number will be multiplied with Base Points. For e.g. Real-time Project reporting on Inner Wheel India App – 20 points for each project

Answer Type – Number. Achieved is suppose 5. Total points will be $5 \times 20 = 100$

3. Options

For e.g. Members entry on Inner Wheel International before 30th July'18 100% - 200 pts.

80% - 100 pts.

60% - 50pts.

You can select any one options.

- Points will get added on the top it will show Your Points. You can edit the points after saving the records.
- Clubs points will get listed in District Module with the Club name who have entered the marks and which Club is on the top. Based on the points Club name will get listed from Higher to Lower
- You will see the updated points of your club in the Leader board of Mobile app under District module.

COV – This will help the club leaders to prepare for the most meeting with all documents and the complete data can be downloaded in one single excel file.

Steps to upload documents in OCV / GOV Module

- Enter the individual document upload module
- Select the type of file in the dropdown.
- Click the upload button
- Click on save.
- All the modules have an option to include "**other**" documents if needed.

Reports – Using the Reports module helps to provide detailed club report.

Steps to download the Reports

- Click on the **Reports** Module.
- Click on "**Click here to Download**" button in front of the report's name and you can **download** the **report** of your choice.
- You can also generate specific years report by changing the years from the **dropdown button** for e.g. "**2022-2023**".
